

Global Health Catalyst Cancer Summit @ Harvard Medical School.

March 20-21 2015 Register today at www.globalhealthcatalystevents.org

2015 Theme: *Catalyzing International Collaborations to conquer cancer:*

Day1: *ICTs for Radiotherapy & cancer prevention* **Day 2:** *Africans in Diaspora (AiD) as catalysts*

WHY ATTEND:

- Network with renowned Global Health leaders, Ambassadors, policy makers
- Learn about “The Cancer Divide” and how you can be a catalyst for closing it
- Learn about global health efforts by: UICC, NCI, AAPM, IAEA, AORTIC, Cure4Kids, GO, BOTSOGO, ASTRO, Diaspora, etc
- Discover ICTs and emerging low-cost technologies for advancing global health
- Opportunities for diaspora leaders to present and learn from each other.
- Learn how Global Health Catalyst makes it easier to participate in global health
- Kick off the 2015 spring on a memorable note in BOSTON: inspiring talks, panel discussions, awards dinner, Harvard leadership training seminar, networking reception and more!

Open To:

- Healthcare professionals
- Researchers
- ICT professionals
- Policy professionals
- Educators
- Students
- Advocates
- African Diaspora Leaders

Facts: (Sources: WHO, IAEA, NCI, anonymous)

- Cancer is now a leading cause of death and disability in Low and Middle income countries (LMIC)
- Radiotherapy services needed in the treatment of over 50% of cancer patients are not available in 31 of Africa's 54 countries
- 1/3 of all cancers are preventable: Everyone can help
- “Concerted collaborations with LMIC, catalyzed by ICTs, can help close the cancer divide, save millions”
