

**Asthma With Bronchial Hypersecretion: Expression of Mucins and Toll-Like Receptors in Sputum and Blood [Corrigendum]**

Crespo-Lessmann A, Mateus E, Torrejón M, et al. *J Asthma Allergy*. 2017;10:269–276.

Page 269, Abstract, Materials and methods section, line two, the text “19 with bronchiectasis” should read “19 with bronchial hypersecretion”.

The authors apologize for this error.

**Publish your work in this journal**

The Journal of Asthma and Allergy is an international, peer-reviewed open-access journal publishing original research, reports, editorials and commentaries on the following topics: Asthma; Pulmonary physiology; Asthma related clinical health; Clinical immunology and the immunological basis of disease; Pharmacological interventions and new therapies. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
