

Role of surgery in patients with early stage small-cell lung cancer [Erratum]

Peng A, Li G, Xiong M, et al. *Cancer Manag Res*. 2019;11:7089–7101.

Following a review of the data post-publication, the authors found [Table 2](#) was misaligned. This replacement of [Table 2](#) has no impact to the findings of the study.

On page 7094, [Table 2](#) should be presented as follows:

Table 2 Multivariate analysis using a cox proportional hazards model in patients with early stage SCLC
