

## EXPRESSION OF CONCERN

## Cytotoxicity of Selenium Nanoparticles in Rat Dermal Fibroblasts [Expression of Concern]

Ramos JF, Webster TJ. *Int J Nanomedicine*. 2012;7:3907–3914.

The Editor and Publisher of *International Journal of Nanomedicine* wish to issue an Expression of Concern for the published article.

Concerns were raised regarding the alleged duplication of the image shown in Figure 2 with the image shown in

Figure 2 in the article Tran et al, 2009 (<https://doi.org/10.1002/jbm.a.32631>). The *International Journal of Nanomedicine* would like to alert readers of this while we continue with our investigation.

The authors have been contacted and were informed of these concerns.

International Journal of Nanomedicine

### Publish your work in this journal

The International Journal of Nanomedicine is an international, peer-reviewed journal focusing on the application of nanotechnology in diagnostics, therapeutics, and drug delivery systems throughout the biomedical field. This journal is indexed on PubMed Central, MedLine, CAS, SciSearch®, Current Contents®/Clinical Medicine,

Journal Citation Reports/Science Edition, EMBase, Scopus and the Elsevier Bibliographic databases. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.

Submit your manuscript here: <https://www.dovepress.com/international-journal-of-nanomedicine-journal>
