

Reactive Oxygen Species-Mediated Inflammation and Apoptosis in Hand-Foot Syndrome Induced by PEGylated Liposomal Doxorubicin [Corrigendum]

Hu X, Dong M, Liang X, Liu Z, Li Q. *Int J Nanomedicine*. 2021;16:471–480.

The authors have advised Figure S3 in the Supplementary Materials is incorrect. Due to an error

at the time of figure assembly the Control and Doxil images for Liver were duplicated. The correct Figure S3 is as follows.

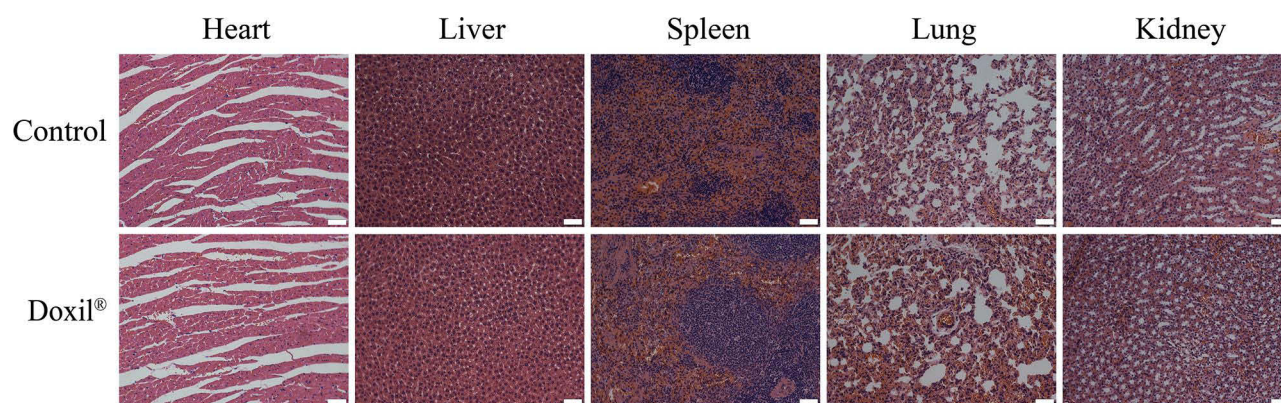

Figure S3 Histological analysis of main organs in normal rats and PLD-treated rats. Scale bar: 50 μ m.
