Zhejiang Provincial Natural Science Funding (LY19H310001 to B.Z., and LY17H050007 to X.S.), and Project for Science and Technology of Huzhou (2015GY08 to L.G.).

Funding

This study was supported by the Natural Science Funding of China (21572166 to Y.Z., and 81770850 to X.S.),

Publish your work in this journal

Drug Design, Development and Therapy is an international, peer-reviewed open-access journal that spans the spectrum of drug design and development through to clinical applications. Clinical outcomes, patient safety, and programs for the development and effective, safe, and sustained use of medicines are a feature of the journal, which has also

been accepted for indexing on PubMed Central. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
