

## LINC01087 is Highly Expressed in Breast Cancer and Regulates the Malignant Behavior of Cancer Cells Through miR-335-5p/Rock I [Retraction]

She JK, Fu DN, Zhen D, Gong GH, Zhang B. *Onco Targets Ther.* 2020;13:9771–9783.

At the authors request, the Editor and Publisher of the journal *OncoTargets and Therapy* have retracted the published article.

The corresponding author informed the journal that following a review of the original data, there were doubts about the accuracy of the results. The authors wished to apologize for this oversight and given the situation, the authors no longer have confidence in the reported findings. To maintain academic standards, the authors requested to retract the article and the Editor and Publisher agreed with this decision.

We have been informed in our decision-making by our editorial policies and COPE guidelines.

The retracted article will remain online to maintain the scholarly record, but it will be digitally watermarked on each page as “Retracted”.

### Publish your work in this journal

OncoTargets and Therapy is an international, peer-reviewed, open access journal focusing on the pathological basis of all cancers, potential targets for therapy and treatment protocols employed to improve the management of cancer patients. The journal also focuses on the impact of management programs and new therapeutic agents and protocols on patient perspectives such as quality of life, adherence and satisfaction. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
