

NOTIFICATION OF INTENT TO PUBLISH FROM A MANUSCRIPT COLLECTION

Researchers must notify the Howard Gotlieb Archival Research Center if they intend to publish material from a collection held at the Center. Permission to publish must be secured from Boston University to publish from manuscript collections which the University owns, as well as those for which Boston University has literary copyright. In those instances in which the author or literary executor has retained copyright, it will also be necessary to obtain permission to publish directly from those individuals. Boston University does not surrender its own right to grant permission to others to print the same material, nor does Boston University assume any responsibility for infringement of copyright laws or of the publication rights for the manuscript held by the writer, his heirs, executors, or assignees. Complete this form in duplicate and submit both copies to the director of the Howard Gotlieb Archival Research Center. The return of the second copy, bearing the signature of the director or of an authorized representative, constitutes acknowledgement of your intent to publish the material listed below or attached. Applications for permission to publish are available on request.
