

KENYA

Information Session

Kenya: Field Practicum in Public Health and Environment

November 19, 2013

12:30—1:30 pm

Crosstown Room 305

Practicum Note

Successful completion of this program meets the MPH practicum requirement for eligible BUSPH Students. Because the program integrates field work, data collection, analysis, findings and a final presentation to the community, there is no additional practicum process required.

For more information contact:

Stacy Song, Academic Coordinator
Dept. of International Health
